Terms and Conditions of Sale

All sales and contracts are made subject to crop losses, or thru other causes over which we have no control.

PRICES—Named in this list cancel all previous lists and quotations and are subject to change without notice.

We are strictly wholesalers and do not invite retail trade.

We will gladly quote special prices on items wanted in larger quantities than listed.

TERMS—We offer the usual terms to those of established credit, or whose responsibility is known to us. Cash, security or satisfactory reference is required from unknown parties. All prices are net and not subject to any discount unless previously agreed upon. Orders to be sent C. O. D. should be accompanied by one-fourth cash.

SHIPPING—We request customers to give definite shipping instructions regarding manner in which they wish goods shipped. In the absence of special instructions, we use our best judgment, but without assuming responsibility. All shipments travel at risk and expense of purchaser. We have the Wabash, Burlington, Keokuk & Western Railroads which enable us to give excellent shipping service.

PACKING—All cost of packing is additional to prices quoted. Bales will be charged for at actual cost of material and labor used; boxes at rates noted below:

CLAIMS—FOR ANY CAUSE MUST BE MADE PROMPTLY UPON RECEIPT OF GOODS. WE WILL NOT ENTERTAIN CLAIMS AFTER GOODS HAVE BEEN ONCE ACCEPTED, OR WHEN REPORT IS NOT MADE WITHIN TEN DAYS AFTER ARRIVAL OF STOCK.

INSPECTION AND FUMIGATION—Certificate of inspection is furnished with each shipment, and stock will be fumigated when required.

GUARANTEE—WE GIVE NO WARRANTY, EXPRESSED OR IMPLIED, AS TO LIFE, DESCRIPTION, QUALITY, PRODUCTIVENESS, OR ANY OTHER MATTER OF ANY NURSERY STOCK, SEEDS, BULBS OR PLANTS WE SELL. IT IS MUTUALLY AGREED THAT OUR TOTAL LIABILITY FOR ANY ERRORS, SHOULD STOCK PROVE UNTRUE TO NAME AS LABELLED, SHALL BE LIMITED, UPON SATISFACTORY PROOF, TO OUR REPLACING FREE OR REFUNDING PURCHASE PRICE.

FRUIT TREE STOCKS—AMERICAN GROWN

APPLE SEEDLINGS

We have been in the Apple Seedling business for nearly sixty years, and the extensive trade that we have is sufficient proof that our stock and our grades are satisfactory.

The growing season has been favorable for Apple Seedlings and with constant spraying, they have put on a vigorous growth. They will not be dug this Fall until they are thoroughly matured as this is very essential for the best results.

Our Seedlings are largely grown in the rich, black soil of the Kaw Valley in Kansas. We are growing Apple Seedlings also in Colorado, in an irrigated section. These Seedlings look very promising and we have every reason to believe they will compare favorably with any Seedlings grown in this country.

We grow, handle, and grade our Seedlings right, which is worth something to the customer.

We can often give our customers the advantage of car load rates to various points over the country, which is quite a saving in freight charges.

FRUIT TREE STOCKS—FRENCH GROWN

We wish to call attention to the fact that these goods are sold net at Shenandoah. We take all risk of transportation and pay all charges from France to this place. This is a very important point for customers to remember.

The loss that occurs from these long shipments does not affect our customers as we open the boxes and grade out the damaged seedlings and guarantee our stock to be in good condition when it is delivered to the forwarding agent at Shenandoah

We are prepared, however, to quote prices on application, F. O. B. cars Angers, France, and customer paying duties and charges to destination, also taking all risks, or, we will quote prices out of customs at New York, and ship direct from there.

A government inspector is stationed at Shenandoah most of the winter and he inspects all imported stocks.
